Import or export. Port to port. No matter where in the world your freight needs to go, QuadExpress will get your shipments there competitively and reliably.

QuadExpress provides cost-efficient ocean import and export solutions for a wide variety of global shipping clients.

CUSTOMIZED IMPORT AND EXPORT TRANSPORTATION SOLUTIONS

As an international shipment method, we can export your ocean shipments via LCL (less than container loads), FCL (full container loads) and LCL consolidations. QuadExpress can also handle all your documentation up front for ocean shipment services, including export licensing, AES filings, declarations, commercial invoices, letters of credit and consular legalization.

Other economical ocean freight services include:

- Extensive capacity from best-in-class partners with competitive rates
- Delivery and warehousing services
- Any size freight from less-than-container to full container to oversize cargo

CAPACITY, FLEXIBILITY AND CONTROL, ANYWHERE IN THE WORLD

You can ship ocean containers to thousands of international freight destinations worldwide with QuadExpress. Our network of partners in more than 120 countries helps us coordinate ocean imports and exports at 90 plus international ports.

Trust your critical international moves to a partner with experience and a history of success.
